

Our Mission: The mission of the Lung Cancer Research Foundation (LCRF) is to improve lung cancer outcomes by funding research for the prevention, diagnosis, treatment and cure of lung cancer.

Our Vision: Our vision is a world free of lung cancer.

PATIENT & CAREGIVER RESOURCES

All of these **FREE** resources are available for print and digital order at LCRF.org/resources

After finding out you (or a loved one) have lung cancer, you may wonder what this diagnosis means for your future and your health. The first thing to know is there is reason for hope. Much progress is being made for people diagnosed with lung cancer every day. A key part to living with lung cancer is learning the facts and staying informed. We can help.

Lung Cancer Resource Kit

An information packet designed to help navigate a lung cancer diagnosis; includes comprehensive information on treatments, biomarker testing, clinical trials and more. Particularly useful for those who have recently received a lung cancer diagnosis.

Living with a Diagnosis of Lung Cancer

Addresses basic questions on lung cancer, treatment options, maintaining hope, and much more. Also available in Spanish.

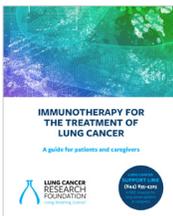

My Lung Cancer Care Plan

For recording information on diagnosis, tracking treatment and appointments, monitoring symptoms, and much more. Also available in Spanish.

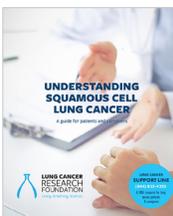

Immunotherapy for the Treatment of Lung Cancer

An introduction to immunotherapy treatment, how immunotherapy works, and typical side effects.

Understanding Squamous Cell Lung Cancer

Explains squamous cell carcinoma and how it can be treated.

Understanding Small Cell Lung Cancer

Explains a small cell lung cancer diagnosis and associated treatment options.

Biomarker Testing for Lung Cancer

Explains the process and importance of biomarker testing to help patients determine if they are eligible for targeted therapies.

Lung Cancer Clinical Trials

An introduction to immunotherapy treatment, how immunotherapy works, and typical side effects.

Caregiving for a Loved One Living with Lung Cancer

An overview of what to expect as a caregiver of a lung cancer patient, helpful tips, and resources.

Living with Hope

Provides stories of hope shared by patients, caregivers, and survivors.

Patient/Caregiver Care Kit

A welcome gift to the “LCRF Family” for patients and caregivers, containing an LCRF tote bag with LCRF branded personal care items such as wristbands, pens, hand and body lotion, lip balm, magnet, compact mirror, tissue packet, and a copy of our *Living with Hope* book.

AWARENESS & HEALTHCARE RESOURCES

All of these **FREE** resources are available for print and digital order at LCRF.org/resources

COMMUNITY EDUCATION & AWARENESS

Support Line Flyer

Displays contact and resource information about the Lung Cancer Support Line for patients with lung cancer and their caregivers.

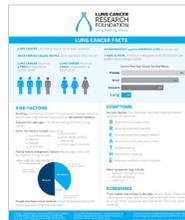

Resource Card

A handy business-card-sized flyer containing the support line phone number on one side and the storefront URL for ordering educational materials.

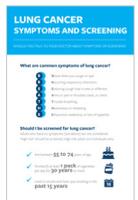

Lung Cancer Fact Sheet

A tool to raise awareness of the incidence and causes of lung cancer, and the role of lung cancer research in making advances in the field.

Lung Cancer Symptoms and Screening

Identifies some of the common symptoms of lung cancer and screening recommendations for those who may be at high-risk of lung cancer.

Scientific Grants Program Bookmarks

Showcase LCRF's scientific grants program. One bookmark includes key statistics on research advances made possible by LCRF's grants program and one features quotes from several LCRF grantees.

LCRF Brochure

Contains an overview of LCRF's mission, accomplishments, and program resources.

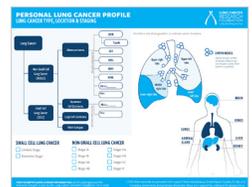

The Lung Cancer Research Foundation's patient education materials are developed and reviewed by our Patient Educational Programs Review Committee, which includes patients/survivors, oncologists and other healthcare professionals.

These materials are available in print and digital formats and are distributed free of charge to lung cancer patients and their caregivers. You may order our materials online at LCRF.org/resources.

RESOURCES FOR HEALTHCARE PROFESSIONALS

Personal Lung Cancer Profile

For physicians to use as a tool when speaking to patients about their diagnosis and recommended treatment plan. Also available in Spanish.

FOR ADDITIONAL INFORMATION, email support@LCRF.org or call the LCRF's toll-free Lung Cancer Support Line M-F 9am-5pm ET / 8am-4pm CT at **(844) 835-4325**.

ORDER FREE MATERIALS online at LCRF.org/resources. Shipping and handling is free.
